Lexmark™

Get more power and save money

Save time with software and solutions. Stay productive with print speeds that are fast enough to keep work moving. Look professional with gorgeous color.

▸ Brilliant color in an affordable, space-saving device

▸ Up to 50 pages per minute† print speeds

▸ Spend less time on supplies with high-yield toner capacity and shake-free science

▸ Expandable universal input trays

Speed for productivity with the easy to use reliability you need

Productivity stays high when even large color print jobs complete quickly. With print speeds of up to 50 ppm you'll get more jobs done, faster.

Minimize wait time with C4150's ability to print a single color page in as little as 5.5 seconds. Convenient direct printing from flash drives, network drives or online servers save you even more time

Power through complex print jobs with large, high-resolution photos and graphics. The powerful print controller has the processing power you need built-in.

Work from wherever, print where you want with mobile printing from iOS, Android and Windows Mobile devices and optional wireless and NFC direct mobile printing from smartphones and tablets. The C4150 is also Google Cloud Print and Apple Airprint 1.5 and Mopria ready.

Better access for all with drawers and paper guides that move effortlessly, and standard headphone jack and talk-back features to help users with limited vision engage with the device‡.

Lexmark

Look sharp for less with gorgeous color

**Color so accurate and affordable, you can print color in-house.** You can match your brand colors and have accurate color output without having to pay a premium. Lexmark Color Replacement combines spot color replacement and RGB replacement for precision matching of critical colors. PANTONE® calibration and embedded color sample pages help you nail perfect color at the design stage. Lexmark's 4800 color quality is ultra-sharp even at full speed.

More media choices From some of the thickest media available in cut sheetto print signage or booklet covers—to tissue-thin paper and all the vinyl, labels, cardstock, envelopes, and banners in between, the C4150 makes you shine.

Less hands-on hassle with a high input capacity with up to 2,300 sheets of input capacity, paper is less likely to run out, so you don't have to wait or intervene to finish printing.

Improve your productivity with the C4150 that keeps on running

- Toner cartridges yield up to 16,000 pages
- Photoconductor lasts up to 150,000 pages
- No shake Unison™ Toner cartridges mean perfect prints to the last page without interruption

Workflow smoothing solutions and flexibility

Bridge the gap between your paper documents and software systems with the fully-configurable device-based apps. The built in productivity solutions future-proof your investment.

1

Standard device-based apps shipping with this series include§:

Google Drive

The easy way to print shared Google docs on demand.

Customer Support

Send email alerts to help desk or service providers to request support. Pertinent data about the device can be included in the automated email.

QR Code Generator

Generate a Quick Response (QR) Code and display it on the eTask screen, making it easy to find the printer on your tablet or smartphone.

Forms and Favorites

Keep frequently used forms and documents easy to access and save money by eliminating preprinted forms

See the possibilities with our intuitive interface

Minimize the need for training with the familiar modern tablet-like capabilities of our eTask interface on a bright 4.3-inch class color touch screen. Use swipe and touch gestures to navigate the intuitive interface to access convenient features, including:

- ▸ Preview your entire print job
- ▸ Print Microsoft Office and other file types from USB or mobile devices
- ▸ Customize shortcuts and bookmarks
- ▸ Realize your return on investment fast with true integration
- ▸ Access corporate address book for quick document routing
- ▸ Enable user tracking, accounting and permissions for cost and print management

§ Additional device-based apps may ship with the device and additional apps can be added.

19KDO8822-1

C4150

1. **Intuitive color touch screen with new eTask interface** A bright 4.3-inch screen uses familiar swipe and touch gestures, minimizing training time to get users up to speed.

2. **Direct printing** Microsoft Office files and other document and image types print right from flash drives. You can even preview jobs on the eTask screen prior to printing.

3. **Unison™ Toner system with long-life supplies** Unison™ Toner delivers consistently outstanding image quality plus long-life system reliability and amazing sustainability in a high-yield, no-shake design.

4. **Software solutions** Combine device based capabilities with additionally purchased Lexmark fleet management tools and your existing software and technical infrastructure to future-proof your investment in Lexmark color laser technology.

5. **Expandable input** Print on multiple paper types and boost input capacity to 2,300 sheets.

Sensitive data stays secure

Authorize and authenticate who and what gets access to your network along with remote monitoring and management.

Protect your device on all fronts with port and connection filtering to limit active access and encryption and wiping of the optional hard disk to secure sensitive print job data. Digital signatures on firmware updates keep hackers at bay.

Authentication to fit your protocols from badge readers, PIN or passwords. Once users are authenticated, the connection to your network is fully secure.

Put a stop to data leaks on the optional hard disk with 256-bit AES encryption and encryption keys stored in the printer's memory, not the hard disk. Data is almost impossible to read if the hard drive is removed.

Cut costs while being environmentally responsible

Save power with multiple power saving modes. Sleep mode uses less than 3 watts between jobs. Hibernate mode uses less than half a watt during scheduled on/off periods.

Save paper and toner with no hassles. Standard double-sided printing, printing images a lighter shade with the ColorSaver feature that still leaves text dark and readable and Lexmark's Eco Settings solution are just some of the eco-friendly options.

Smarter toner saves energy and more. Lexmark UnisonTM Toner fuses at a lower temperature that requires less energy. Through the free and easy Lexmark Cartridge Collection Program (LCCP), ship empty cartridges back to our recycling centers for sustainable recycling.

Lexmark Sustainability

For Lexmark, commitment to the environment isn't a marketing tagline, it's a core value backed up by real action and results. We are forward thinking, innovative, and driven to sustain a healthy planet for generations to come.   For our customers and partners we bring this passion, our leading technology and a deep understanding of industry-specific business processes to continuously improve their efficiency as well as our own.
Lexmark products meet globally recognized environmental standards[¶].
