

# Teriostar LP-2060 Wide-Format MFP

**OKI**<sup>®</sup>

**Elevate your workplace performance with industry-leading print speed and productivity.**

The compact Teriostar LP-2060 from OKI delivers the ultimate network print solution for rapid-track industrial work environments with phenomenal print speed, exceptional reliability and best-in-class productivity—with intelligent design innovations that deliver hassle-free, low-cost operations.

## Faster Printing

**Ultra-fast: 10 Ds Per Minute Print Speed**

Engineered with a super-fast LED engine, the Teriostar LP-2060 offers one of the fastest print speeds in its class using parallel processing—one job prints while another is processing—which delivers continuous high-speed printing and eliminates costly delays between prints.

## Faster Scanning

**Efficient: 9.4" Per Second Scanning Speed**

Quickly scan black and white and color documents—even at 600 dpi high-density output. An advanced dual-light CIS scanning sensor system improves scanning quality of all types of paper documents – even those with folds and wrinkles – automatically. Full control from the front panel supports all scanning and copying functions including scanning to Job Boxes on the hard drive or scanning to PDF files that can be placed in up to 100 shared network folders.

## Superior, High-density Image Quality

Teriostar's print quality is exceptional with high resolution and excellent line acuity, accuracy and repeatability.

## Maximum Uptime & Productivity

The Teriostar LP-2060 offers the industry's only user-replaceable process cartridge and charge wire: Product owners can change the entire process cartridge/drum and charge wire at any time, reducing emergency service calls, related expenses and downtime.

## Smart, Intuitive Operation

Equipped with two drawers, the LP-2060 holds four full-size 36" (914mm) wide rolls, so you can have all of your standard papers and films loaded at all times or load four rolls of the same paper. Automatic sensing diagnoses the appropriate paper size and width of the roll, eliminating manual settings—and improving operating speed and efficiency.

LP-2060 Multifunction

**Teriostar**

# Teriostar LP-2060

## Compact Size

With an ultra-small footprint, the LP-2060 can operate in small workspaces. All controls are managed from the front, with an 8.5" color touchscreen that displays scanned images for ease of use.

## Low Cost of Ownership

While Teriostar printers utilize advanced technologies to deliver industry-leading speed, image density and innovation, the cost per square foot is low and product reliability is high.

## Powerful Network Software

Teriostar's intuitive software, TerioStation 2, delivers complete network access to the copier. Send jobs, collated sets, or multiple files to the printer from anywhere on the network using a wide array of common file formats including TIFF, PDF, HP-GL/2, JPEG, CALS, PLT and more.

## Value-Added Features

- Dual Output Paths**  
 Automatically sends small prints up to 12" x 18" to the upper tray and large prints to the lower exit.
- Clean Hands Toner Fill System**  
 Holds up to three "clean hands" toner cartridges in high-capacity compartment.
- Multiple Grayscale Dithering Patterns**  
 Choose from four dithering patterns for better grayscale fills.
- Internal Hard Drive**  
 Provides large storage capacity and facilitates parallel processing without slowing the printer.
- PDF Printing**  
 Print standard PDF files without buying additional software; also scan directly to PDF files. An optional Advanced PDF print module offers the industry's fastest PDF processing while batch printing PDF files or files larger than 60MB.

LP-2060 Multifunction		
Printer	Imaging Method	Electrophotographic Technology (LED exposure, single component type dry development OPC drum)
	Output Resolution	600 dpi x 600 dpi
	Continuous Output Speed	10 Arch D Size Prints Per Minute
	Print Width	Maximum 36 inches (914mm), Minimum 11 inches (279mm)
	Print Length	Maximum 49 feet (15 meters) <sup>1</sup>
	Print Margins	0.2 inches (5mm) From Each Side
	Paper Feed	4 Rolls (up to 36 inches wide)
	Paper Types	Plain Bond Paper, Vellum (75 g/m <sup>2</sup> ), Matte Film (90mm)
	Data Formats	HP-GL, HP-GL/2, HP RTL, TIFF, CALS
Scanner	Scanning Resolution	600 dpi x 600 dpi
	Scanning Speed	9.4 inches (240mm) per second <sup>2</sup> ; B&W or Color
	Scanning Width	Maximum 36 inches (914mm) Minimum 8 inches (210mm)
	Scanning Length	Maximum 49 Feet (15 meters) <sup>3</sup>
	Data Formats	B&W: TIFF, PDF Color: TIFF, PDF, JPEG
Software	Included Software	TerioStation 2 Network Client/Server
	PDF Capability	Basic PDF Printing Included, Advanced Ultra-Fast PDF Printing Optional
Others	Memory	2 GB
	HDD	320+ GB
	Interface	Ethernet (10Base-T / 100Base-Tx / 1000Base-T)
	Network Protocol	TCP / IP (ftp, lpr, socket)
	Logical Port	20 Ports
	Dimensions	47 (W) x 25 (D) x 47 (H) inches 1200 x 640 x 1200mm <sup>4</sup>
	Weight	<550 lbs. (250 kg.) <sup>5</sup>
	Power Voltage	AC120V 16 Amp. +/-10% (110v Version), AC230 +/-10% (220v Version)
	Power Consumption	Operation: Less Than 1.95 kW Energy Saving Mode: Less Than 16.5 W
	Warm-Up Time	3 Minutes or Less

<sup>1</sup>Print length depends on types of media or operating environment

<sup>2</sup>Scanning speed varies by resolution

<sup>3</sup>Maximum scanning length may be limited by paper size, resolution or file format

<sup>4</sup>Catch basket, tray and paper tray excluded

<sup>5</sup>Toner and paper excluded
